Throughout this Campaign we will on

Public on the stand we have taken in our Platform. In this issue we have selected two of the subjects that have been drawn constantly to our attention during our Campaign and which we feel are of

the utmost importance to all of the secole. The plank of our Platform, concerning publishing of the Minutes, has struck a tender spot with many of the stackholders in this big business. the City of Bay St. Louis. As you have observed, the Minutes and Disbursements of the present Administration have NEVER BEEN PUBLISHED

To stress further the Tenth Plank of our Platform which is "WE WILL PUBLISH the Minutes of the City Council as well as ALL OF THE DISBUR-SEMENTS of the City, including the Gas and Water Departments," it is our Intent to loop you, the Citizens of our Community, ALWAYS IN-

FORMED OF the Actions of your Council. We WILL OPERATE our City in a manner best suited for the BETTER-MENT OF ALL OF THE PEOPLE ALL OF THE TIME. WE WILL bring this information before you by publishing the Minutes and Disbursements in the NEWSPAPER. There will be NO NEED of anyone wondering and inquiring about the MANAGEMENT OF THEIR FUNDS. Our books will be OPEN AND AVAILABLE for inspection at ALL TIMES and the Minutes will be published MONTHLY

In other words, we will bring the news of your City Council to your homes for YOUR CONVENIENCE AND INFORMATION in the nature of a morithly report. We will have NO REASON for NOT MANTING the Public to know what is going on and WILL MOT well four years to publish the purchases and accomplishments, as we feel this information is much desired by the GENERAL PUBLIC.

Our past subject is DRAIMAGE and this week we will stress the need of adequate drainage for the EMTIRE CITY. We feel that this subject has been appermost in the minds of all of our citizens during the past several years, and particularly during the past weekend, as you have had the op-portunity to observe first band, the SAD AND DEPLORABLE CONDITIONS of our streets and sidewalks. It is apparent that VERY LITRE has been accomplished throughout the City as a whole, and practically NOTHING in most areas. to relieve A BOGGY SITUATION that has existed here for many years.

ME KNOW, that with a SINCERE EFFORT and a nominal cost, most of the FLOODED areas could have been relieved long ago. WE DO NOT, and WILL NOT, best our Platform on PALSE PROMISES. We believe, that by applying the INITIATIVE PUBLIC OFFICIALS SHOULD HAVE, an adequate drainage program can become a REALITY INSTEAD OF A DREAM.

WE OFFER SPINGERITY, INITIATIVE AND INDECRITY and NOT FALSE PROMISES. He will institute a program to give IMMEDIATE RELIEF and will work towards a permanent drainage program for the BHTTRE CITY.

WE WILL HAMMLY SERVE YOU FOR A BETTER AND PROGRESSIVE COMMUNITY. WE WILL BE YOUR PERSONAL, UNBHASED REPRESENTA-TIVES AND WILL RESPECT THE LAWFUL RIGHTS OF ALL OF THE PEOPLE. TREATING EVERYONE FAIRLY AND IMPARTIALLY.
